Gardena, Moneta Start
The Gardena and Moneta district workers are just getting under way with their drive, having held their starting banquet Tuesday night.

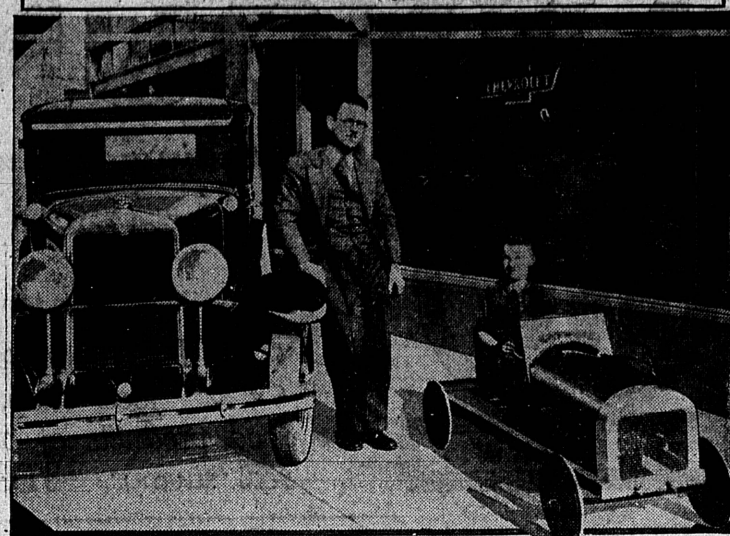

Members of the general committee, working here under the general chairmanship of Sam Levy, who attended the luncheon were: Harry H. Dolley, Miss Edith Harshman, Frank Steinhauser, H. S. Wood, Mrs. N. A. Leake, W. Rufus Page, John Dennis, Frank Burrington, Fred Hansen, J. R. Jensen, John Holm and J. W. Leach.

Clubwoman in Local Hospital

(Continued from Page 1)
drove away from her home at 1682 Market street, Moneta, to do a market errand. When she failed to return, an all night search was conducted by police and family friends without success until a check-up of all hospitals revealed her whereabouts late Saturday, it was reported.

She is a member of the Friday Morning club, Cosmos club of Los Angeles, the Gardena Women's club and is well known here.

A Small Boy's Dream

Are happy days here again? Ask Bill Hooper (right), eight-year-old son of Harold Hooper, Chevrolet dealer at Ellensburg, Washington (left). Bill is at the wheel of his "Chevrolet," built for him by his father. At the left is one of the real Chevrolet Sixes. While the big Chevrolet is noted for its gasoline economy, it doesn't hold a candle to Bill's car, which will deliver 120 miles to the gallon. Summer vacation is here. "Oh, oh," says Bill.

Without question, the happiest boy in the West is Bill Hooper, eight-year-old son of Harold Hooper, Chevrolet dealer at Ellensburg, Washington, who is the owner of the world's smallest "Chevrolet," a one-passenger car that will turn up 10 miles an hour and deliver 120 miles on a gallon of gasoline.

This little car carries the Chevrolet name plate (salvaged from an old radiator shell) and naturally it is his most prized possession. Here is how the elder Hooper, who built the car, describes it.

"The motor is a three-quarter horsepower washing machine engine. The frame was made from white pine. The springs are Chevrolet Six valve springs and carry the weight of the car and driver nicely. The pulleys were sawed from pine boards and nailed together. A loose belt connects the engine to the counter shaft, where I obtained reduction of about three to one. An idler pulley tightens the loose belt which is the clutch. It is very smooth and positive. A differential is mounted on the rear axle. The hood and seat were constructed from veneer and sheet iron."

Ex-Chief Justice Endorses Riley's Controller Race

Re-election Candidate Has Myers for Campaign Chairman

That Ray L. Riley, present State Controller and candidate for re-election, will have the endorsement and support of civic leaders throughout the state is evidenced in the announcement that Ex-Chief Justice Louis W. Myers of the Supreme Court of California has accepted the chairmanship of Mr. Riley's campaign for Southern California.

"More than ever," stated Ex-Chief Justice Myers, "it is necessary to have in the office of Controller a man whose past record is flawless and whose experience, ability and integrity are unquestioned. Such a man is Ray L. Riley, who, during the past nine years has by his own knowledge clearly demonstrated his qualifications for the office which he now holds, and, in accepting the chairmanship of Mr. Riley's campaign, I feel that I am doing no more than my duty as a citizen to protect and maintain the interests of the citizens of the state."

California Crops In Fine Condition

SACRAMENTO. (UP)—Warm weather during the past two weeks has materially hastened the growth of the California truck crop. According to a survey by the Federal-State cooperative crop reporting service.

No serious damage has been reported because of the heat and all crops retarded by an abnormally cool early summer are in fine condition.

35th PLACE SET ASIDE FOR STREET PURPOSES

An ordinance has been adopted by the Los Angeles city council for accepting the dedication of a permanent easement and right-of-way for street purposes over real property known as 35th place and declaring the same to be a public street, according to information received here this week from A. E. Henning, councilman for the 15th district.

SPEAKS AT ROTARY

Rev. "Pete" Soltan, well known pastor in Santa Monica, was the speaker this noon at the Rotary club meeting. Rev. Soltan gave an interesting talk in his noted vigorous manner and was well received by the clubmen here.

HI SCHOOL HI LIGHTS

By Muriel Bell

Harry Putnam can be found at most any time in the vacant lot by the Mayfair Apartments. Although he works hard, he acts no money. He has taken a fancy to golf, and spends most of his time swinging a club at a golf ball.

The weather was too warm for Miss Boice, assistant secretary at school, so she left for Alaska Sunday with her sister. If she finds a good looking Eskimo, she has promised to bring him back with her.

Vacations this summer seem to be very few among the high school students. Work seems to have made a big impression on their minds for a change. They are tackling most any kind of a job, from washing baby clothes to building brick walls; no job seems too big. If the work hard idea still remains, a great many teachers will be astounded in the fall.

Beverly Hills is an attractive place to live in. Virginia Harris is spending her summer there, not as the movie actors spend theirs, but as a helper in a home. Work or no work, its Beverly Hills, and that's what satisfies Virginia.

Elwyn Jarrett and Wilfred Tidland are very busy this summer. They keep the sidewalks of the business district populated. Once in a while their feet get tired, and to give them a rest they spend a day on the beach at Hermosa.

Loma Kizer has been attracted to the city of San Diego. Relations, especially cousins, aren't usually so interesting, but they must be for Loma. She left Saturday morning and said she didn't know when she'd be back. She is staying with relatives, of which a couple are nice boy cousins.

Dot Hanson has been spending the week at Laguna Beach where her parents have a beach home. To make the time move quickly and exciting she took Ethel Ward along. There is no doubt that Ethel is doing what Dot expected.

Whether Rudy Huber got homesick or the boys men frightened him, nobody knows, but he is home from his trip up north. He is full of stories of beautiful scenery and experiences, but not of home sickness or frightening nights.

The two Dots, Eshom and Chandler, gave a Japanese bridge tea last Friday to their girl friends. Ethel Ward received high scores and Veronica McNeil consolation. The girls invited were: Betty McIntyre, Veronica McNeil, Dorothy Myers, Dot Hanson, Loma Kizer, Moly Holland, Ethel Ward, Susie Bell, Babe Cummings, Jane Roberts, Jessie May Kite, Dot Stevenson and the hostesses, Dot Chandler and Dot Eshom.

Miss A. Chase, one of the art instructors, has gone to Newport Beach to spend the rest of the summer. While she is there she will take a course in landscaping.

Miss Burnham left soon after school for the East. She went by train, and stopped at the prominent cities along the way. She is now in New York visiting relatives and may be one of those who sleep in parks and roof tops at night to get a bit of cool air.

BOND ISSUE LOST

A bond issue of \$30,000 for the construction of an extension to the city pier at Redondo Beach was voted down in a special election yesterday, lacking the required two-thirds by a margin of 59 votes. A heavy opposition vote in the recently annexed Redondo Villa tract counter-balanced the result in the original city section.

Catholic Churches Finish Course of Instruction Here

Confraternity Groups To Be Feted At Two Functions

Today marks the closing of four weeks of instruction in the Confraternity school at the Catholic churches. At Pueblo, where fifty children have been enrolled for the four weeks course, fourteen children will make their first communion today. Following this the children will be tendered a party at the church.

Tomorrow the sixty Confraternity school pupils of Torrance will be guests at a breakfast and then entertained by games in the park. Sister Bernadette and Sister Anthony of Redondo, and Rev. Father Daniel Hurley have sponsored the school, assisted by Mrs. T. L. Wertz, president, and a staff of teachers including Mrs. C. G. Hornell, Mrs. Lon Ralston, Mrs. Lincoln, Mrs. Charles Daley, and Miss Gertrude Lovell. Mrs. Neil McConlogue and Miss Mary Scallan were organizers at the two churches for the summer schools.

Mrs. Dolley's Sister Succumbs To Illness

Mrs. Rebecca J. Waltz of Los Angeles, sister of Mrs. W. C. Dolley of this city, passed away Friday at the home of her daughter, Mrs. Charles Gault of Los Angeles. Mrs. Waltz had been ill for some time prior to her passing. She was a prominent member of the First Church of Christ, Scientist, in Los Angeles.

First National Bank Staff Holds Tourney

Wallace Post won the honor of winning the first First National bank pee wee golf tournament this week when he accumulated a lower score than eight other members of the bank's staff.

Nearly Killed By Gas—Druggist Saves Her

"Gas on my stomach was so bad it nearly killed me. My druggist told me about Adierka. The gas is gone now and I feel fine," Mrs. A. Adamek.

Simple glycerin, buckthorn, saline, etc., as mixed in Adierka, helps GAS on stomach in 10 minutes! Most remedies act on lower bowel only, but Adierka acts on BOTH upper and lower bowel, removing poisonous waste you never knew was there. Relieves constipation in 2 hours. It will surprise you. Dolley Drug Company—Adv.

JOHN DENNIS FOR JUDGE

By ELIZABETH S. MABERLY
Come, good people, all wake up!
Come, fill high the festival cup;
No more playing golf and tennis;
Stop right here and vote for Dennis.

"Honest John," we all call him;
Built mostly out of brain and vim
He'll know the justice that's in it,
The verdict, too, in a minute.

With John upon the Justice seat,
The wicked, soon, will beat retreat,
And all go sneaking out of town,
When our John comes flying down.

Now, all ye people, listen, hear!
Our wide domain lies far and near—
Fourth city in all our Southland!
We rise, and justice, we demand.
The judge-ship, should, by rights, be here.

And harken, do you really know,
Our tax-rate, here, is very low?
Year by year it tumbling goes,
Forced right down by John's stout blows,
And will go even lower still,
When all support him, as we will.

John is good, and John is true;
A friend of all—a friend of you
So get out and vote for John,
And keep the truth a-rolling on.

Years, on years, he's been our mayor;
O, he's a loyal good stayer!
Led us, a toddling, little one
To be a city in the sun.

Without money—without price,
Without glory—without vice,
Through the day and through the night
Ever guided us aright.

Led us through sunshine and through tears,
Through foul days—through sunny years,
No small task for one to do;
We stand here just a-telling you.

So come and give a hearty pull—
A long pull—a strong pull—
A pull all, all together,
In any sort of weather—
Wins the fight and the right;
So come and pull with all your might.

Ah! the battle's won—race is done,
Judge John Dennis stands no one!
Prosperity, now, will settle down—
And bless us and our neighbor town.

The fires will all begin to burn,
The wheels will all begin to turn,
Business will begin to hum,
Buyers will begin to come.

Father'll begin his weekly pile
And mother will begin to smile;
Deep wells'll all begin to flow,
Hard Times will just pick up and go;
So rush the vote for brother John,
And start the good that's coming on.

TRAEGER IN STATEMENT ON RESULTS

Sheriff William I. Traeger who is a candidate for re-election, has issued the following notice in connection with his candidacy. In it Sheriff Traeger points out the establishment of various departments which has made the sheriff's office of Los Angeles County what is declared to be one of the most efficient sheriff's departments in the nation.

"In submitting my candidacy to the voters for the office I now hold, I desire to call attention to the following facts:

"That there has been established under this administration an honor camp which has served its purpose well. It has placed those men on honor who would most benefit by the establishment of such a camp. It has had the effect of rehabilitating men who have transgressed and has given them an opportunity to engage in manual labor under conditions not only benefiting the men and their families, but the county as well.

Special Details Created
"That the sheriff's central office has been augmented by the establishment of nine substations scattered at strategic points throughout the county for the purpose of making more effective the sheriff's office as well as a protection to the public. The substations have all been instituted in this administration.

"This decentralization of criminal departments is aimed to take care of the sectional needs of the county, and it has brought the various districts of Los Angeles county is closer touch with the forces of the sheriff of the county than ever before.

"Special details have been created for expert criminal investigation; these forces covering all phases of law enforcement work. The special details are homicide, burglary, and highway robbery, auto theft, vice enforcement, farm products theft, and fugitive warrants.

"Criminal statistics are the best proof of a law enforcement office's administration. Crime is convincingly lower per capita in Los Angeles county in comparison to other metropolitan centers."

Council Expected To Act August 5

(Continued from Page 1)
chise was wanted. Attorney Jensen made a point of emphasizing that the city would be permitted to share in the profits—"If any," he said—of the water company at the rate of a small percentage of the gross profits at the end of five years.

That the council or the city at large has nothing to lose if the franchise proposal is rejected and everything in the way of better service, palatable water and possibly much cheaper rates to gain if the question of a publicly owned system comes to a vote of the people, was pointed out today by a number of reputable citizens.
